BREATHE HEALING BALSAMS

Hyomei, the Guaranteed Catarrh Cure, Endorsed by Physicians.

No one should confound Hyomei with the patent medicines that are advertised to cure catarrh. It is as superior to them all as the diamond is more valuable than cheap glass. Their composition is secret, but Hyomei gives its formula to all reputable physicians.

Its base is the famous eucalyptus oil, well known for its antiseptic qualities. This is combined with other aromatic and healing gums and balsams, making a pure liquid which, when used in the Hyomei pocket inhaler, fills the air you breathe with germ-killing, disease-destrorying and healing powers that restore health to every part of the throat, nose and lungs.

Hyomei is endorsed by physicians generally. Many of them use it themselves to break up a cold and prevent pneumonia. It is the only natural and rational way of curing catarrh.

Would it be a common sense treatment to try and cure a corn by stomach dosing? Is it not just as foolish to try and cure catarrh by swallowing tablets or liquids? The only natural way to cure this disease and all diseases of the respiratory organs is to breathe Hyomei.

This treatment has been so successful, curing 99 per cent of all who have used it, that Hyomei is now sold by Rickert & Wells under an absolute guarantee to refund the money if it does not cure you. You run no risk whatever in buying Hyomei. If it did not possess unusual powers to cure, it could not be sold upon this plan.
